About Me

I'm a Junior Developer and BSIT graduate with hands-on experience in Java mobile application development, as well as web and desktop applications. Completed an internship at DENR-EMB Region VI as an IT Assistant and Developer, with experience in networking, computer troubleshooting, system development and office-based IT support. I'm actively seeking my first full-time opportunity in IT or an office-based technical role where I can grow my skills, contribute to a team, and develop practical solutions to real-world problems.

Education

- **Bachelor of Science in Information Technology (BSIT)**

Iloilo State University of Fisheries Science and Technology (ISUFST) *Graduate*

Experience

- **IT Assistant / Developer (On-the-Job Training)**

EMB DENR R6 - Environmental Management Bureau - Department of Environment
and Natural Resources Region VI *February 2026 - April 2026*

- Assisted in computer setup, hardware maintenance, and troubleshooting.
- Configure and troubleshoot networks, LAN, and Wi-Fi connections.
- Developed mobile and web components for the Field Monitoring System.
- Manage and organized monitoring data and generated reports.
